

Points policy for Responders

In order to receive a point for responding to any call, Fire or EMS, one or more of the following criteria must be met:

1) Respond to the Kent fire house and:

A) Get on a KVFD apparatus and go to the call.

B) Await the rigs return and help the crew return to service.

C) Be released by the incident commander.

2) Upon arriving at KVFD and the first due has responded:

A) Call the I.C. using the base radio to see if any further assistance is needed on scene. If no assistance is needed, ask the I.C. if you need to remain at the fire house.

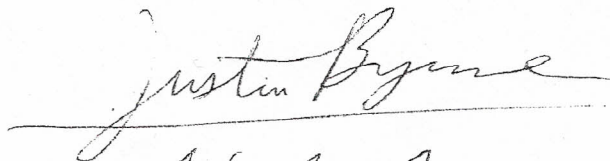

3) Respond to the scene, assist and:

A) Return to the fire house after the call.

B) Get permission from the I.C. so you don't have to return to the fire house.

This is not a new policy. This is a reminder to prevent any further confusion or misconceptions.
